

Senior Operations Manager

- Position:** Senior Operations Manager
- Qualification:** Degree in Management, Business Administration, Commerce, Engineering or Equivalent
- Location:** M1 Corridor, Greenore, Co. Louth (combined with remote working)

About XOCEAN

XOCEAN is an ocean data company – we collect data for clients ranging from mapping the seabed to monitoring the environment. However, we do this differently, instead of using conventional crewed survey ships, we have developed a marine robotic system known as an Unmanned Surface Vessel (USV).

Overview

Management of the operations department, operations process, planning, control, performance improvement, and strategy.

Main Duties & Responsibilities

Responsibilities will include:

- Overseeing the daily activities of the project management team.
- Establishing and enforcing health and safety standards.
- Meeting project budgets, assessing the financial and operational risks for potential projects and providing feedback to the sales team.
- Preparing budgets, scheduling spending, and finding ways to reduce costs.
- Liaising with engineering, fleet management, data management and Marine Superintendent on project planning and asset utilisation.
- Setting and tracking key performance metrics for the project management team.
- Delivering on cash and revenue in a timely fashion.
- Daily, weekly and monthly reporting on financial and quality metrics.
- Cost Management.
- Designing, managing and improving the current operations system.
- Performance management of team including their development.
- Enforcing company policies and procedures.
- Managing relationships with key vendors.

Requirements: Essential Skills / Attributes and Experience

The successful candidate will have a proven record of managing and improving operations systems with strong client relationship and people management skills.

- Degree in Management, Business Administration, Commerce, Engineering or Equivalent
- Minimum 7 years in a Project or Operations Management position.
- Fosters a high-performance culture through aligning performance expectations with overall business goals. Encourages an open exchange of information and viewpoints, actively listens to others.
- Translates development goals into actionable plans. Makes timely, confident decisions.
- Results orientated, proactive and reactive.
- Enthusiastic, positive, and proactive nature with a keen attention to detail.
- Excellent interpersonal, communication, presentational and team working skills.

Desirable Experience

- Previous experience working within the Marine sector.

- Relevant marine qualifications such as Yachtmaster, Coastal Skipper, ICC (or equivalent).

Apply

- Applicants must demonstrate how they meet the essential criteria. Desirable criteria may be used for further shortlisting.
