

HS&E Manager

Position: HS&E Manager

Qualifications: Health and Safety and/or Environmental Qualification or similar

Location: M1 Corridor, Greenore, Co. Louth (combined with remote working)

About XOCEAN

XOCEAN is an ocean data company – we collect data for clients ranging from mapping the seabed to monitoring the environment. However, we do this differently, instead of using conventional crewed survey ships, we have developed a marine robotic system known as an Uncrewed Surface Vessel (USV).

Overview

To lead on all aspects with regards to Health, Safety and Environment management within XOCEAN.

Main Duties & Responsibilities

Responsibilities will include:

- Leading the HS&E function within XOCEAN.
- Setting the standards on all aspects of health, safety and environmental management within XOCEAN.
- Monitoring conformance with company policies and local and international environmental laws relating to the operation of the company.
- Leading the implementation, development, maintenance and accreditation of relevant standards and certifications for the company.
- Leading the internal auditing processes – performing environmental, health and safety audits and inspections across the business.
- Taking the lead for audits carried out by external parties i.e., authorities, certification bodies and clients.
- Conducting risk assessments and identifying how risks may be reduced.
- Monitoring HSE reports and observations and preparing key performance information regarding HSE matters for presentation to the board.
- Developing, maintaining and implementing quality, environmental and safety objectives, procedures and targets across the business.
- Coordinating bid/tender responses on HSE to support the commercial function.
- Developing and carrying out safety, environmental and awareness training sessions and ensuring all other trainings are up to date.
- Demonstrating commitment to the company's safety policies through leadership and guidance.

Requirements: Essential Skills / Attributes and Experience

- Third level qualification in a related discipline.
- Formal ISO Auditor qualification.
- NEBOSH/IOSH qualification.
- At least 5 years' experience in a similar role.
- Proven working experience with Office 365 and IT systems.
- Must be able to demonstrate a personal commitment to a safe working environment.
- Strong organisational skills, high levels of attention of detail and excellent record keeping abilities.
- Excellent written and verbal communication skills.
- High quality presentational skills.

Apply
